

1556 Series

Key Features:

Ideally suited for mounting printed circuit boards, IoT equipment, and other small electronics.

Can be used in a tabletop configuration using rubber feet (included) or two different wall-mount configurations using wall mount foot kit (sold separately).

Rounded corners and face provide a more modern look.

Lap joint construction provides protection against access of dust and splashing water.

Available in black, grey, or white flame retardant ABS plastic with light satin texture.

Molded from flame retardant material which carries a flammability rating of UL94 V-0. For indoor use.

Designed to meet IP54.

Lid hardware and 4x rubber feet included with enclosure. Lid is secured with high strength #6 x 1/2" self-tapping Plastite screws.

Aluminum inner panels are available as accessories. Sold separately. See table below.

Easy PC Board Mounting

Multiple mounting locations inside the lid and base of the enclosure allow for easy PC board mounting or can be used with Hammond aluminum panels (sold separately)

Black

Light Grey

White
